

## United Methodists on Mission in Manchester

Being the living and loving presence of Christ to our neighbors

As part of our new location this year we have arranged a few mission projects that are located within yards or minutes of the Radisson Hotel. We are seeking volunteers to sign up and serve in these locations on Thursday morning on behalf of the living and loving presence of Christ through the United Methodist Church and its New England Conference.

You will find a small description below containing the address, number of people who can sign up, and a description of the ministries to be shared. You will also find a website when and where available.

Please review the various projects, sign up yourself (if you are signing someone else up please make sure they are aware of the responsibilities and have agreed to serve as there are very limited spots available).

Meet us in front of Radisson between 8:30-9 a.m. on Thursday, June 18, 2015. Some of the opportunities begin at 8:30 a.m. If you'll give us your contact email we can arrange it for you to travel directly to the sites if that is easier and more efficient.

We have tried to provide a variety of choices this year and depending on the number of folks who participate we would like to provide more opportunities next year.

It is suggested that for all areas you wear comfortable clothing that in some cases may get dirty. It is recommended not to wear open-toed shoes in any location for safety purposes.
