

ACTIVITY IDEAS TO FIGHT MALARIA.

IMAGINE
NO
MALARIA

The people of The United Methodist Church*

During 2013 and 2014, New England United Methodists will continue to learn about malaria, offer events and activities and engage their communities to Change the World through life-changing—and congregational—mission! Each of us can make a difference!

Host a Party—Show a Movie—Share a Meal!

Get your friends and family together to party for a life-saving cause. Or, host a screening of “A Killer in the Dark,” (order Free copy online) to raise money and save lives.

We love to eat so host a meal, eat African and play games!

Alternative Giving

Conduct an Advent or Lenten Alternative Giving campaign with Gift cards or ornament balls filled with netting for participants.

This is the easiest most effective activity!

Also consider a birthday or anniversary alternative!

Send a Text. Save a Life.

Can't plan an event, but still want to make a difference?

Saving lives is as easy as sending a text message.

Just text 'MALARIA NE' to 27722 to give a live-changing gift of \$10.

LemonAID Stand or Coin Collections

Get the kids involved! Make and sell mosquitoes, set up a LemonAID stand. Filling tin cans or collecting spare change from parishioner's cars (in the parking lot!) are sure winners!

Be creative and have fun!

When it comes to ways to support Imagine No Malaria, be creative!

Here are some other ideas....
